## PROFESSIONAL SUMMARY

---

Full Stack Java Developer (7 Years) experienced in building enterprise-grade, scalable applications using Java, Spring Boot, AWS, and modern front-end frameworks. Adept at delivering high-performance solutions, mentoring teams, and driving digital transformation. Completed an MBA in Blockchain Management, combining deep technical expertise with strategic business leadership to enable innovation and future-ready solutions.

## EXPERIENCE

---

### BRISTLECONE INDIA

#### Senior Specialist

Pune, MH, India

11/2022 - Present

As a Senior Specialist, I contributed to product innovation by optimizing code quality, streamlining complex functionalities, and driving high-performance solutions. I collaborated with cross-functional teams to resolve critical issues, mentored peers in incident management, and delivered scalable applications using Java, Spring Boot, AWS, and modern frontend frameworks.

- Enhanced product performance by improving code quality and simplifying complex functionalities, resulting in a 25% increase in system efficiency and reduced technical debt.
- Collaborated across teams to identify, troubleshoot, and resolve critical production issues, improving system uptime and reducing escalations by 20%.
- Provided mentorship and technical guidance to team members, enabling faster resolution of P2/P3 incidents, achieving an average 30% reduction in resolution time.
- Developed and deployed scalable solutions using Java 21, Spring Boot, AWS, MongoDB, Vue.js, HTML, CSS, ensuring alignment with business goals and modern best practices.
- Championed code reviews and process improvements, boosting team productivity by 15% and strengthening adherence to coding standards and security practices.

### MASTEK LIMITED

#### Senior Software Engineer

Mumbai, MH, India

04/2021 - 10/2022

As a Software Engineer, I contributed to end-to-end application development by translating business requirements into scalable solutions. I partnered closely with analysts and team members to deliver high-quality, test-driven modules aligned with evolving business needs.

- Developed and implemented software enhancements based on detailed design specifications, ensuring functionality met business and user requirements.
- Collaborated with business analysts to gather, refine, and translate requirements into actionable technical solutions, reducing rework and improving delivery accuracy by 15%.
- Designed, implemented, and maintained application modules, incorporating unit testing to ensure reliability and reduce post-deployment defects by 20%.
- Engaged in technical discussions with peers, offering recommendations and insights that improved solution design and overall code quality.
- Ensured seamless alignment of application functionality with business needs, contributing to improved user satisfaction and operational efficiency.

### CAPGEMINI INDIA SERVICES PVT LTD

#### Senior Analyst

Mumbai, MH, India

09/2018 - 04/2021

As an Analyst, I supported application development by building and maintaining services, implementing Java-based solutions, and collaborating with senior developers to ensure smooth project delivery.

- Developed and maintained core application services, ensuring alignment with business requirements.
- Implemented and updated application modules under the guidance of senior developers, contributing to faster delivery cycles.
- Delivered Java-based solutions that addressed business needs with improved functionality and performance.
- Collaborated with team members to troubleshoot and resolve critical issues, minimizing downtime and ensuring system stability.

## EDUCATION

---

**DR. DY PATIL VIDYAPEETH**  
*Masters in Business Administration (Blockchain Management)*

**Pune, MH, India**  
**2023 - 2025**

**RTM NAGPUR UNIVERSITY**  
*Bachelor of Engineering (Computer Science)*

**Nagpur, MH, India**  
**2014 - 2018**

## TECHNICAL SKILLS

---

- **Languages & Frameworks:** Java (8–21), Spring Boot, Hibernate
- **Frontend:** Vue.js, JavaScript, jQuery
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Cloud & DevOps:** AWS (EC2, S3, Lambda), Docker, CI/CD
- **Web Technologies:** HTML5, CSS3
- **Tools & Methods:** Git, JIRA, Agile/Scrum

## ACHIEVEMENTS & AWARDS

---

- **SPOT AWARD (*Bristlecone*)**
  - Awarded SPOT recognition for exceeding project goals by enhancing web functionality and optimizing the user interface
- **BRAVO AWARD (*Mastek*)**
  - Honored with 3 Bravo Awards in recognition of exceptional performance and achieving beyond set goals
- **FIREFIGHTER AWARD (*Capgemini*)**
  - Acknowledged as the Best Employee of the project for pushing boundaries and striving for excellence
